TERMS AND CONDITIONS FOR OPTION HEDGING TRANSACTIONSIssued by: Account Name: LANDMARK INVESTMENT FUND IRELANDAccount #: 1FR133

The following instructions establishes the terms and conditions under which Bernard L. Madoff Investment Securities LLC (BLMIS) will effect, as agent, the client's transactions.

Bernard L. Madoff (individual), acting as agent for the above referenced account, has not been granted, nor shall he exercise, any investment discretion as to the selection of securities or other property purchased or sold by or for the account. Bernard L. Madoff (individual) will determine only the price at which, or the time an option contract shall be effected pursuant to the instructions set forth below.

Upon establishment of equity positions for the account, an attempt to establish broad based index option contracts shall be made in accordance with the following conditions:

- The purchase of broad based index put options shall be limited to the S&P 100 Index, as calculated and disseminated by Standard and Poor's Corporation. The size of the contracts shall correspond to the total dollar value of the executed underlying equity positions. The expiration of the contract shall be the nearest expiration cycle.
- Strike price of the put option shall be less (but not greater than 1.5% less) than the value of the S&P 100 Index at the point the equity orders are completed. If within the 1.5% index band, there are multiple strike prices available, the contract priority shall be the higher strike. The resulting put option contract established shall be long "out of the money."
- The sale of broad based call option contracts shall be limited to the S&P 100 Index, as calculated and disseminated by Standard and Poor's Corporation. The size of contracts shall correspond to the total dollar value of the underlying equity position. The expiration of the contract shall be the nearest expiration cycle.
- Strike price of the call option shall be ten (10) index points greater than the strike price of the put option referred to above. The resulting call option contract established shall be short "out of the money".
- Upon liquidation of equity positions for the account, a corresponding amount of index option contracts shall be unwound.
- If existing option positions are liquidated in anticipation of expiration, replacement positions of any other expiration or strike may only include contracts of the next nearest expiration cycle. The strike prices of these contracts shall use the methodology stated above.

Option transactions will incur a commission of one dollar (\$1.00) per contract
